

# Fluent in Five

Daily Arithmetic Practice  
Week 23

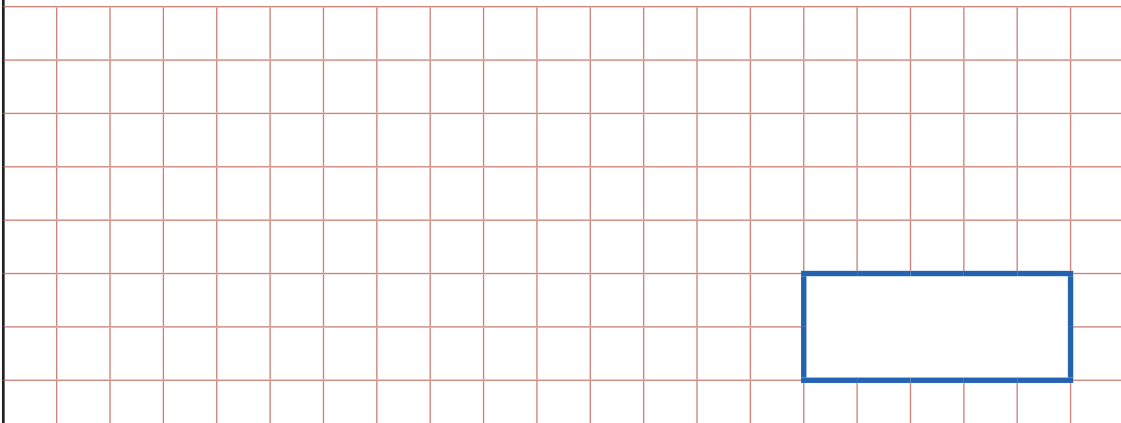

Year 6

## Year 6 - Week 23

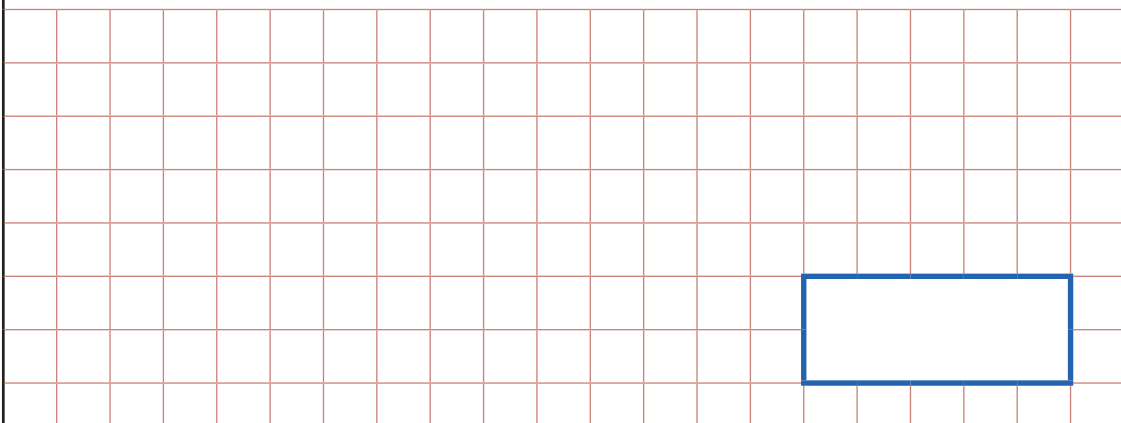

Please note, we recommend reading 'Your Guide to Using Fluent in Five' before using these resources with your class.

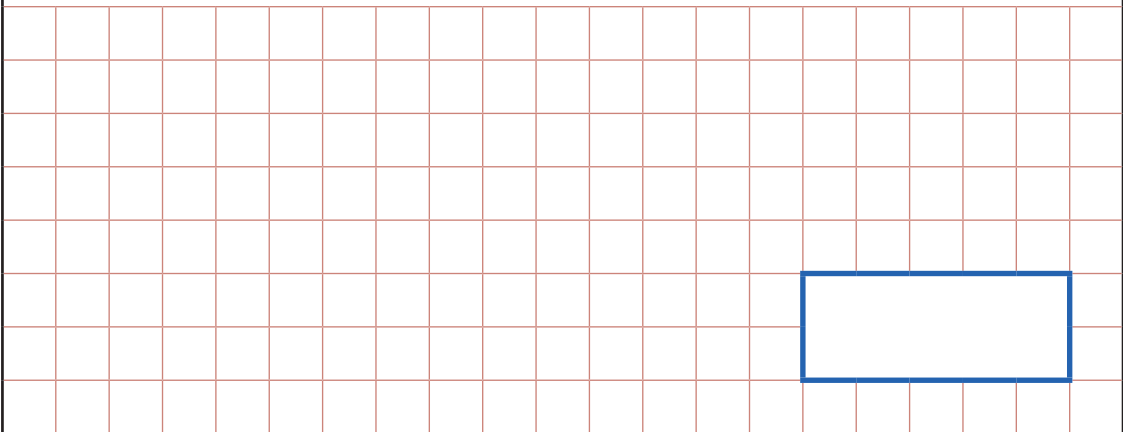

### This week in a nutshell

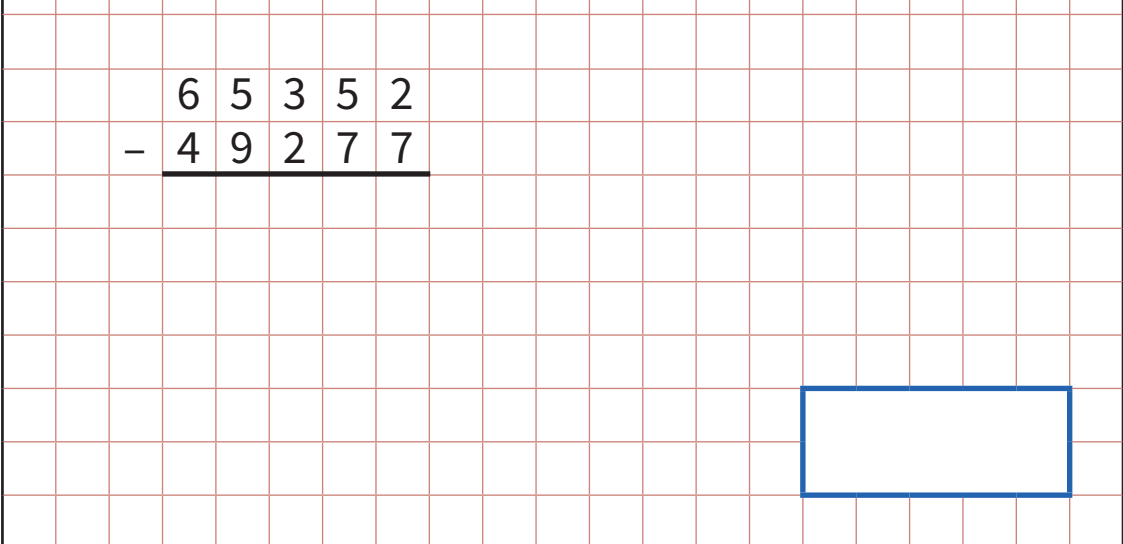

As children begin to near the end of Key Stage 2 statutory assessments, there are no longer specific focus questions for mental or written methods within this resource. Instead, questions will be taken from the full range of objectives, as shown in the progression document.

## Answer Sheet

Remember, (M) is written next to those questions you should have tried to solve mentally first. (W) means a written method is usually more efficient for this question.
